Thematic Conference – CoRASS 2017

2nd International Conference on Recent Advances in Nonlinear Models – Design and Rehabilitation of Structures
16-17 November 2017 Coimbra, PORTUGAL

Conference structure
- Plenary lectures – 45 min with invited speakers
- Parallel sessions – 20 min presentation
- Thematic sessions
- Parallel workshops

Important dates
- 1st March to 15th June, 2017 - Abstract submission
- 30th June, 2017 – Author notification and early bird registration
- 31st August, 2017 – Full paper and registration of the presenting author

Registration fees
Registration fees before 30th June 2017
- ECCOMAS Members 340€
- Non ECCOMAS Members 390€
- Poster/Student 150€
- Assisting person 100€

Registration fees after 31st June 2017
- ECCOMAS Members 390€
- Non ECCOMAS Members 440€
- Poster/Student 190€
- Assisting person* 150€

The presenting author must be registered by the 31st of August, 2017 for the paper to be included in the proceedings and scheduled for presentation. Each participant may present a maximum of four papers.

The registration fees include
- Conference booklet and conference proceedings in electronic format.
- Coffee breaks and buffet daily lunch.
- Conference dinner (except*)
- Attendance certificate

Secretariat
Departamento de Engenharia Civil
Universidade de Coimbra
Fax: (+351) 239 222 012
E-mail: corass2017@dec.uc.pt
Web: http://www.dec.uc.pt/corass2017/

Instructions for authors
For templates and further information, please refer to the conference website: http://www.dec.uc.pt/corass2017/

The papers presented at the conference will be submitted to a special issue of an international scientific journal.

Organization
UC University of Coimbra

Scope
- Advanced numerical models
- Damage and fracture mechanics
- Deployable structures
- Durability and environmental aspects
- Environmental friendly construction
- Extreme actions on structures (fire, blast and impact)
- High-strength concrete applications
- New materials and products
- Projects and case studies
- Rehabilitation of historical buildings
- Retrofitting of existing structures
- Structural stability and dynamics
- Structures for energy generation devices
- Wind and earthquake engineering

Organizing committee
Helena Barros, (Conference Chair) University of Coimbra
Carla Ferreira, University of Coimbra
José M. Adam, Universitat Politècnica de Valencia, Spain
